LONDON QUIET AT STEADY PRICES

Little Done in Speculative Issues—Easy Trend in Americans.

London, May 13.—The stock market was listless again today and price movements were narrow. Standard and gilt-edged securities were steady, but speculative issue were dull. New issues were not wanted, and the underwriters were left with 8 per cent of the £5,000,000 of new issues and 77 per cent of the £1,000,000 of the London Railway loan on their hands. The former was quoted at 1½ per cent discount.

American securities opened steady. Only a small amount of business was done, and prices dropped in the afternoon. The closing was dull.

Consols closed unchanged at 60 9-16.

The Bank of England earmarked £80,000,000 in preference and £80,000,000 in ordinary shares for the Argentine account and £20,000,000 for Argentina and £1,000,000 in currency notes for the redemption fund. Money and discount rates were easier on the better bank return.

Money loaned at 1½ to 1¾ per cent. Discount rates for short bills were 2½ per cent; for three months, 2½.

Gold premium at Lisbon was 48.00.
